## ABOUT ME

I am always interested in becoming a professional software engineer. I love programming and am always self-exploring and learning new algorithms and technologies. I want to find a suitable position for me in a company.

---

## PROFESSIONAL EXPERIENCE

### Programming Practice Website for students from HCMUTE

2021 - Present

Build Backend using .NET

Implement CI/CD using Gitlab, run on microk8s kubernetes, Terraform / Terragrunt / Ansible for CD
